

## Junior Geophysicist

Precision GeoSurveys is an industry leader of airborne geophysical solutions in western North America and worldwide. Our core business lies in low-level, high-resolution helicopter surveys in mountainous terrain where modern exploration demands exceed the capability of historical airborne systems.

Due to expanding business activities, Precision GeoSurveys is seeking a highly motivated *Junior Geophysicist* to join our team in Langley, British Columbia. The ideal candidate will have a sound understanding of geophysical theories and methods, and a desire to learn and progress their career in the mineral exploration industry.

## Responsibilities

- Prepare maps and figures for scientific reports.
- Manage and work with a variety of geophysical data.
- Assist with data processing, analysis, and reporting using commercial software including Geosoft Oasis Montaj, Geoscience Analyst, QGIS, and Microsoft Office.
- Operate, maintain, and calibrate geophysical equipment to collect airborne electromagnetic, magnetic, and radiometric survey data.
- Assist with developing and testing of new geophysical technologies.
- Observe QA/QC procedures for electromagnetic, magnetic, and radiometric survey data.
- Travel to remote job sites on short notice.
- Additional tasks as may be assigned from time to time.

## Qualifications

- Fluency in the English language – spoken and written.
- Legally able to work in Canada
- Degree or diploma in Geophysics or a related field.
- Familiarity with theory and practice of geophysical principles – magnetics, radiometrics, and electromagnetics.
- Keen attention to detail and strong problem solving ability.
- Previous experience in exploration geophysics an asset.
- Electronics, mechanical, and programming skills an asset.

## What we offer

This is an excellent opportunity to advance your career in exploration geophysics working alongside our talented team of professional geophysicists, engineers, and technicians. We work in some of the most spectacular regions on Earth and offer competitive wages, paid vacation, comprehensive benefits plans, frequent helicopter tours over the Coast Mountains, and hybrid work options.

Qualified candidates are encouraged to send their resume and cover letter to [careers@precisiongeosurveys.com](mailto:careers@precisiongeosurveys.com)
